

S.F.I. 14.4 Titanium Valve Cover Recertification Guidelines - December 2, 2014

To all Race Teams;

Please include the following information with every Valve Cover set returned for recertification:

1. Name of race team
2. Name and telephone number of contact person
3. Specific car (for multi-car teams)
4. Valve Cover serial number
5. Purchase Order # if required
6. Date needed returned (if rush)
7. Any specific instructions or spare parts needed beyond the basic recertification

Also, please ensure that Valve Covers are shipped:

1. Clean
2. Securely and appropriately packaged
3. Without Spark Plug Tubes or Burn-down Tubes
4. With Spark Plug Shields attached to the Valve Covers w/correct hardware
5. Confirm that serial numbers match on both Valve Covers in the set.

Remember that SFI Certification is valid for a 2-year period from date on SFI Certification Sticker affixed to valve covers.

LIMITATIONS OF LIABILITY: *Repairs or modifications to these Valve Covers other than routine maintenance (i.e., replacement of O-rings, gluing of tubes, caulking, and hardware maintenance) not performed by Diversatech, Inc. will void future S.F.I. certification. S.F.I. Certification 14.4 does not allow for unauthorized structural work or modification. Diversatech, Inc. cannot be responsible for work not performed in our facility.*

Thank you for your consideration. It allows us to better service your Team.

Best regards,

Haskel Zelof
